

CONTEMPORARY • EDGY • PROLIFIC • FRESH • NOW

Pirate has been showing contemporary, cutting edge art for over 35 years. Membership is offered on two levels: Associate and Full Member.

All applicants must first join the gallery at the Associate level, which entitles the artist a solo show in the Associate Gallery (back gallery of the space) and participation in the members show. After an associate has shown in the Associate Gallery, and has expressed interest in becoming a Pirate, that artist will be included in jury by images for full membership when openings arise.

Membership submissions are reviewed on the last Tuesday of each month, providing there are openings for membership. If there are no openings, submissions will be held on file for future review.
